

FILE

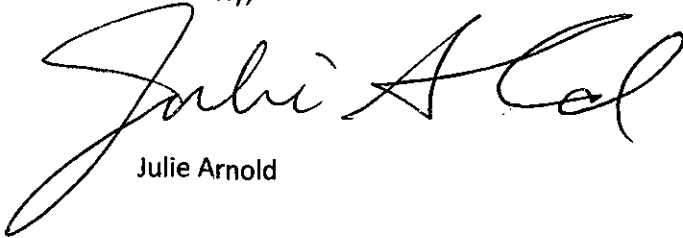

Public Utilities Commission of Ohio,

I'm writing this because I want you to deny the energy bailout. I care about my family and the air they breathe. *I care about their health and would like you to stand up for all of us and our children and their children.* The toxic pollution you are allowing in our air is dangerous and will only get worse if you do not stop these companies.

Please deny the rate increase to lock consumers into buying power from dirty coal plants in Ohio. Consider the future and health of others.

Case #14-1297-EL-SSo

Sincerely,

Julie Arnold
