IMPORTANT INFORMATION FROM
The Village of Fort Recovery and AEP Energy
regarding your electricity service at
<S Address>

Dear <First> <Last>:

THE VILLAGE OF FORT RECOVERY SETS AN ELECTRIC PRICE OF 5.99 CENTS PER KWH
FOR A SAVINGS OF UP TO 38%¹ OFF THE DP&L UTILITY RATE.

We are pleased to announce that the Village of Fort Recovery is providing its residents with an opportunity to save money on their electricity supply. Under this arrangement, AEP Energy has been selected as the Village of Fort Recovery’s preferred electricity supply provider. This special offer is exclusive for eligible residents of the Village because through the power of volume buying, AEP Energy is able to secure electricity at competitive prices. AEP Energy is an Ohio-based company and a subsidiary of American Electric Power (AEP).

Through the Village Electric Aggregation Program, originally formed in September 2014, eligible residents, starting with the September 2015 billing cycle, depending on your meter-read date, will receive the price of 5.99 cents per kWh for a period of twenty-six (26) months.²

You will be automatically enrolled in the program unless you choose NOT to participate by “opting-out” by September 8, 2015. If you do NOT wish to participate in this program, you must follow the “opt-out” instructions. If you do not respond to this letter, the local utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, DP&L, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the Village Electric Aggregation Plan, then you are all set.

The Village Electric Aggregation Program is a Smart Choice:

- **It’s Easy to Participate.** You don’t have to do anything to enroll. All eligible residents will be automatically enrolled in the program unless you choose to “opt-out.”
- **Opportunity to Save Money with a Low Price.** The Village of Fort Recovery has ensured that, beginning with the September 2015 billing cycle, you will receive a price of 5.99 cents per kWh for a period of twenty-six (26) months, for your electricity supply service. There is no cost to enroll in this exclusive program.
- **Continue to Receive One Bill.** Your local utility will continue to send you one monthly electricity bill. You can continue to remit one payment to your local utility for AEP Energy charges. Also, your local utility will continue to provide service for any emergency or maintenance issues.

If you do not wish to participate in this program, you must “opt-out.” There are two ways to opt-out; by calling the AEP Energy Customer Care Team toll free at 1-877-726-0214, Monday – Friday from 8:00 am to 7:00 pm EST and Saturday from 9:00 am to 1:00 pm EST or by completing the Electric Aggregation “Opt-Out” Election Form below. Your “Opt-Out” Election Form must be returned by September 8, 2015.

You will find additional details of this program in the Frequently Asked Questions and Terms & Conditions on the back of this letter.

Respectfully,

Roger M. Broerman
Mayor

AEP Energy

AEP Energy is a competitive retail electric service provider. While it is an affiliate of AEP Ohio, AEP Energy is not soliciting on behalf of and is not an agent for AEP Ohio. DP&L customers do not need to purchase any competitive retail electric service from AEP Energy to receive or to continue to receive non-competitive retail electric service from the utility.

What is the Village Electric Aggregation Program?

Under the Village Electric Aggregation Program, the Village acted on behalf of its electricity consumers to select an electricity supply provider who, through the power of volume buying, is able to secure electricity at competitive prices. The Public Utilities Commission of Ohio (“PUCO”) has taken steps to ensure that Ohio’s competitive electricity environment is consumer-friendly. Voters in the Village approved this aggregation program and the Village Council passed an ordinance adopting this Electric Aggregation program.

The Village has selected AEP Energy as their preferred electricity supply provider to serve their residents beginning with the September 2015 billing cycle for a period of twenty-six (26) months.

Who is AEP Energy?

AEP Energy is a certified Competitive Retail Electric Service (CRES) provider and a subsidiary of American Electric Power Company, Inc. (AEP). With an office located in Columbus, Ohio, AEP Energy sells electricity supply to customers at market-based prices rather than regulated rates offered by your local utility.

How do I enroll?

You don’t have to do anything to enroll. All eligible customers will be automatically included in the program unless you choose to “opt-out.” If you “opt-out,” you will continue to be served by your local electric utility’s standard service offer or until you choose an alternative electric service provider. However, if you do not respond to this letter, the utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, DP&L, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the Village Electric Aggregation Plan, then you are all set. No deposits are required to enroll.

When will this program start?

The Village Electric Aggregation Program will begin with the September 2015 billing cycle.

What is my price?

The Village of Fort Recovery has ensured that, beginning with the September 2015 billing cycle, depending on your meter-read date, you will receive an electricity generation price of 5.99 cents per kWh for a period of twenty-six (26) months.

How do I estimate my savings?

To estimate what your savings per kilowatt-hour (kWh) will be through this program, locate your ‘Price to Compare’ on your electricity bill. This is the price you pay for electric generation service from the utility. Take your ‘Price to Compare’ and subtract the offer price. This equates to your savings per kWh. Multiply your savings per kWh by your monthly usage (kWh) to determine your savings amount per month. The utility distribution and transmission charges and other utility charges and fees are not included in the savings calculation and will continue to be assessed by the local utility. (Any estimate of savings is not a guarantee of savings.)

Where do I send payment?

You will continue to receive one bill each month from your local utility. The amount that you owe to AEP Energy will be stated separately on your bill and you will continue to send payments to your local utility only.

Can I remain on budget billing?

Yes, you can remain on budget billing; however, the budget billing program does not apply to your charges from AEP Energy – only to charges from the electric utility. Your total charges from AEP Energy will fluctuate from month to month according to your usage.

Can I cancel at any time?

Yes, you may cancel without penalty and switch to another provider or revert back to DP&L, the local utility. Should you cancel your service with AEP Energy and return to standard offer service with your local utility, you may not be served under the same rates, terms, and conditions that apply to other utility customers.

What happens at the end of the program?

As the program draws to a close, the Village can choose to seek bids from electricity providers in order to negotiate a new contract on behalf of eligible households. If at that time, the program has not produced the savings originally anticipated for customers, the Village can also choose to end the program, at which time participants would be notified of their options for continuing in a different program with AEP Energy, switching to another provider, or reverting back to the local utility.

Why is this an “opt-out” program?

It enables AEP Energy to offer a lower group rate based on the Village’s size.

Why did the Village select AEP Energy as its provider?

The Village selected AEP Energy because they were able to propose a program that represented the best overall value for eligible households.

If I opt-out initially, can I choose to join the program at a later date?

If you opt-out initially, unfortunately, you will not be able to join the program at a later date.

What happens if my family moves to another home?

If you move to another home location within the Village of Fort Recovery, you will be able to continue participating in the program. If you leave the Village of Fort Recovery, you will no longer be eligible to participate.

Unless you affirmatively “opt-out” by September 8, 2015, you will be automatically enrolled if you: a) have an eligible residence located in the specified city receiving electric service from DP&L or AEP Energy and b) are not enrolled in the PIPP program. Participation in the program is subject to the Terms & Conditions of the Agreement between the Village and AEP Energy. ¹Estimated savings apply to the generation service portion of your electricity bill and are based on an average residential customer, using 750 kWh of electricity on a monthly basis with a weighted average DP&L Price to Compare (PTC) rate of 9.728 as of August 2015 compared to our price of 5.99 cents per kWh. ²AEP Energy’s price excludes utility distribution and transmission charges and other utility charges and fees. There is no guarantee of savings under the Aggregation Program. You may terminate your agreement early without penalty. For more information, call toll free 1-877-726-0214, write to: AEP Energy, PO Box 3489, Chicago, IL 60654, or visit AEPenergy.com.

If you have any additional questions, please contact the AEP Energy Customer Care Team toll free at **1-877-726-0214**, Monday – Friday from 8 am to 7 pm and Saturday from 9 am to 1 pm EST.

RESIDENTIAL & SMALL COMMERCIAL TERMS & CONDITIONS ("Agreement")

TERM	GENERATION SERVICE CHARGES	CANCELLATION FEE	CONTRACT RENEWAL
Through the November 2017 billing cycle ("Term").	5.990¢ per kWh for Generation Service through the November 2017 billing cycle. Price excludes taxes, utility Distribution Service charges, Transmission Services and other non-bypassable utility charges and fees.	You may cancel at any time during the Term without penalty. See Section 6 for details.	Your Agreement will terminate after the initial term. See Section 8 for details.

CONDITIONS. These Terms and Conditions (this "Agreement") are your agreement for Generation Service and applicable Transmission Services with AEP Energy, Inc. ("AEP Energy"). Please keep a copy of this Agreement for your records. AEP Energy is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply Generation Service in Ohio. As a Competitive Retail Electric Service ("CRES") provider, AEP Energy will supply the electric generation and provide applicable transmission services to your Electric Distribution Utility ("EDU") based on your usage. All electricity will be supplied and delivered under the aggregation program, which is governed by the Government Aggregation Master Retail Supply Agreement between the relevant government aggregator and AEP Energy. Your EDU then distributes or delivers the electricity to you. Your Distribution Service will remain with your current EDU, which is regulated by the PUCO. Your EDU also will continue to read your meter, provide your monthly bill and respond to emergencies.

DEFINITIONS: "Competitive Retail Electric Service Provider" or "CRES" provider means, as defined by Chapter 4901:1-21 of the Substantive Rules applicable to electric service providers, an entity that sells electric energy to retail customers in Ohio. "Generation Service" means the production of electricity. "Generation-Related Charges" means those charges or costs associated with the production, procurement and supply of electricity. "Non-bypassable utility charges and fees" means those EDU charges and fees payable by you regardless of whether the EDU or a CRES provider provides Generation Service. "Transmission Services" means moving high voltage electricity from a generation facility to the distribution lines of an EDU, which is either bypassable or non-bypassable to you, as determined in accordance with your Distribution Service. "Distribution Service" means the physical delivery of electricity to customers by the EDU.

RIGHT OF RESCISSION. Once you have been enrolled to receive Generation Service from AEP Energy, your EDU will send you a confirmation letter. You have the right to rescind your enrollment without penalty within seven (7) calendar days following the postmark date of the confirmation letter by contacting your EDU and following the instructions contained in the letter. In the event the EDU's retail electric choice program is terminated or materially changed in any manner prior to the end of the initial Term or renewal thereof, AEP Energy may terminate this Agreement, without penalty to either party.

OTHER IMPORTANT DISCLOSURES. In the event a third party was involved in this Agreement, including, without limitation, a broker or a shopping website, or you are part of a municipal aggregation, the pricing contained herein may be inclusive of a broker fee. **Price Comparison Qualification.** Please be advised that the EDU's standard offer rates generally change from time to time. AEP Energy therefore does not provide any guarantee of savings in comparison to the EDU's standard offer rates during the Term or the term of any renewals of this Agreement. If you received any price comparison(s) in connection with your enrollment, by accepting this offer from AEP Energy, you understand and agree that AEP Energy has informed you, prior to entering into this Agreement, that no guarantee of savings during the Term or the term of any renewals is being provided.

TERMS AND CONDITIONS OF SERVICE

- Eligibility.** Residential customer accounts that are on residential rates codes and are not enrolled in the Percentage of Income Plan Program (PIPP) and non-national account small commercial customers with annual usage less than 700,000 kWh are eligible for this offer from AEP Energy. AEP Energy reserves the right to refuse enrollment to any customer who is not current on their EDU charges.
- Price.** Starting with the first billing cycle of this Agreement through the last billing cycle of the initial Term, the price will be as stated above under the heading "Generation Service Charges." You are responsible for, and your price does not include, applicable state and local taxes and/or EDU charges, which will be billed by the EDU. During the term of this Agreement, you agree to pay AEP Energy a price for all applicable combined Transmission Services, Generation Service and Generation-Related Charges as specified in "Generation Service Charges" listed above including any applicable taxes, if any. For the "Term" listed above, all kilowatt- hours ("kWh") of electric energy metered by the EDU shall be billed at the rate per kWh specified above. In addition to AEP Energy's charges, you will be charged by your EDU for Distribution Service and other EDU charges and fees. An average residential customer, using 750 kWh of electricity on a monthly basis, would incur approximately \$35 to \$40 per month in such EDU charges and fees. Also, AEP Energy will charge you for any and all fees, costs, and obligations for transmission or ancillary services imposed by a Regional Transmission Organization ("RTO"), such as PJM Interconnection, LLC, or an Independent System Operator (ISO), such as the Midwest Independent Transmission System

Operator (MISO) or any successor organizations (collectively, referred to as the RTO), that are not otherwise reimbursed to AEP Energy, regardless of whether such charges are greater than, less than, or equal to the charges you currently pay for these services ("RTO/Transmission and Ancillary Services Charges"). Note that if, due to a change in market conditions, we wish to lower the price per kilowatt hour charged to you under this Agreement, we may do so without your consent, provided there are no other changes to the terms and conditions of this Agreement. AEP Energy will pass through to you any RTO/Transmission and Ancillary Services Charges, which may be variable, related to AEP Energy's providing electricity to you and any additional or increased fees or charges that are beyond AEP Energy's reasonable control. These fees and charges could include, but not be limited to, fees for switching, disconnecting, reconnecting or maintaining electric service or equipment, changes to capacity related charges, transmission or transmission-related charges, or changes to retail electric customer access programs, that are imposed by law, rule, regulation or tariff, or PUCO rule or order. These fees and charges will be passed through to you and added to your price.

3. **Term (Length of Agreement).** Your service from AEP Energy will begin with the next available meter-reading in the Term following: a) the seven (7) day rescission period; b) the acceptance of the enrollment request by AEP Energy (at its discretion and consistent with Paragraph 7 below), and c) processing of the enrollment by your EDU, and will continue for the Term, unless otherwise terminated or renewed, ending on the meter read for the last month of service.

4. **Billing.** You will continue to receive a single bill, typically on a monthly basis, from your EDU that will contain both your EDU and AEP Energy charges. AEP Energy does not offer budget billing for AEP Energy's charges. If you do not pay your bill by the due date, AEP Energy may cancel this Agreement after giving you a minimum of fourteen (14) calendar days written notice. Upon cancellation you will be returned to your EDU as a customer. You will remain responsible to pay AEP Energy for any electricity used before this Agreement is cancelled as well as any late payment charges. Further, your failure to pay EDU charges may result in your electric service being disconnected in accordance with the EDU tariff.

5. **Penalties, Fees and Exceptions.** Your EDU may charge you a switching fee. If you do not pay the full amount owed to AEP Energy by the due date of the bill, AEP Energy may charge a late payment fee up to one and one-half (1.5%) percent of the outstanding balance per month, or the maximum legally allowed interest rate, whichever is lower until such payment is received by AEP Energy. AEP Energy reserves the right to demand adequate assurances from you in the form of prepayment or other form of credit support in the event you fail to make payments in accordance with the terms herein. Customers requiring financial assurance will be required to post that assurance within three (3) business days of notice.

6. **Cancellation/Termination Provisions/Failure to Pay.** If this Agreement is not rescinded during the rescission period, enrollment will be sent to your EDU. You may terminate this Agreement, without penalty, if you move outside AEP Energy's service area or into an area where AEP Energy charges a different price, by providing AEP Energy with a thirty (30) calendar day written notice prior to such move. Any failure to pay your bill shall be deemed a breach of this Agreement permitting AEP Energy to terminate this Agreement upon fourteen (14) calendar days advance written notice. Should you cancel service

with AEP Energy and return to standard offer service with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers. You will remain responsible to pay AEP Energy for any electricity supply used before this Agreement is cancelled or terminated for any reason, as well as any late fees.

7. **Customer Consent and Information Release Authorization.** By accepting this offer from AEP Energy, you understand and agree to the terms and conditions of this Agreement with AEP Energy. You authorize AEP Energy to obtain information from the EDU that includes, but is not limited to: your billing history, payment history, historical and expected electricity usage, meter-readings, and characteristics of electricity service. AEP Energy reserves the right to check your credit with a consumer credit reporting agency to determine if your credit standing is satisfactory before accepting your enrollment request. This Agreement shall be considered executed by AEP Energy following: a) acceptance of your enrollment request by AEP Energy; b) the end of the seven (7) day rescission period, and c) acceptance of enrollment by your EDU.

8. **Contract Renewal.** At the end of its term, this Agreement will expire. As prescribed by the PUCO, at least every three years, you will be given the opportunity to "opt-out" of your community program at no cost. You are responsible for arranging your electric supply upon the expiration of the Agreement.

9. **Dispute Procedures.** Contact AEP Energy with any questions concerning the terms of service by phone at 1-866-258-3782 (toll-free) M-F 8AM – 7PM EST or in writing at AEP Energy, PO Box 3489, Chicago, IL 60654. AEP Energy assumes no responsibility or liability for the following items that are the responsibility of the EDU: operation and maintenance of the EDU's electrical system, any interruption of service, termination of service, or deterioration of the EDU's service. In the event of a power outage, you should contact your local EDU. You are responsible for providing AEP Energy with accurate account information. If said information is incorrect, AEP Energy reserves the right to re-price the applicable account(s). Certain causes and events are out of the reasonable control of AEP Energy and may result in interruptions in service. AEP Energy is not liable for damages caused by acts of God, changes in laws, rules or regulations or other acts of any governmental authority (including the PUCO or RTO), accidents, strikes, labor troubles, required maintenance work, inability to access the local distribution utility system, nonperformance by the EDU or any other cause beyond AEP Energy's reasonable control.
