

Aug. 19, 2015

To Whom it may concern at PUCO.
This letter concerns Just Energy case # 14-1297-EL-SSO.

You are robbing us of our hard earned money
to pay for your mistakes and your antiquated technology.

We want to make our air that we breathe less
polluted and SAVE money on our electric bills.

We want to save our earth any way we can and
save our kids futures.

Sincerely

The Stancus Family
