Public Utilities Commission of Ohio
180 East Broad Street
Columbus, OH 43215

Public Utilities Commission:

Please deny the rate increase to lock consumers into buying power from Ohio's oldest, dirtiest coal plants. My family and I care about reducing toxic pollution, saving money on our electric bill and for the State to pursue clean energy solutions.

I am writing to you about this issue because I want to see your office take steps to improve the current energy situation. A bailout of old, polluting technology only benefits utility shareholders and delays inevitable investment in efficiency and renewable energy.

The First Energy case number is 14-1297-EL-SSO.

Thank you for your time,

Michael Ferrell
