Dear Chair Public Utilities Commission Ohio Andre Porter,

FirstEnergy is asking the government to enforce a monopoly. Even though customers may want to choose a different supplier, those served by FirstEnergy power lines would still have to pay the surcharge – even though this surcharge is for subsidizing unprofitable plants, not for grid maintenance. • FirstEnergy is saying this plan will save customers money in the long run – but if that's true, why don't they want to take the risk and realize those cost savings for themselves? They're asking PUCO to force customers to take a risk they're not willing to take themselves.

Sincerely,

HaSheen Wilson
