**Re: Trishe Wind Ohio, LLC, Case No. 13-197-EL-BGN**

Dear Ms. McNeal:

The December 16, 2013 Opinion, Order, and Certificate approving Northwest Ohio Wind Energy, LLC's [now known as Trishe Wind Ohio, LLC ("Trishe")] Certificate of Environmental Compatibility and Public Need ("Certificate") and the October 1, 2013 Supplement to Amended Application ("Supplement") established a set of conditions and supplemental commitments as part of the Certificate.

Within this set of conditions and commitments, **Condition No. 19** requires that:

**Prior to commencement of construction activities that require transportation permits, the Applicant shall obtain all such permits. The Applicant shall coordinate with the appropriate authority regarding any temporary or permanent road closures, lane closures, road access restrictions, and traffic control necessary for construction and operation of the proposed facility. Coordination shall include, but not be limited to, the county engineer, ODOT, local law enforcement, and health and safety officials. This coordination shall be detailed as part of a final traffic plan submitted to Staff prior to the preconstruction conference for review and confirmation that it complies with this condition.**

By this letter Trishe confirms that no coordination of traffic will be required for the foundation work to be conducted at the substation site. Thus, this letter is to inform the OPSB Staff that Trishe is in compliance with Condition No. 19 for this phase of the construction.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
