THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Uncollectible Expense)
Rider of Glenwood Natural Gas Company) Case No. 15-310-GA-UEX
and Related Matters.)

FINDING AND ORDER

The Commission finds:

- (1) Glenwood Natural Gas Company (Glenwood) is a gas or natural gas company as defined in R.C. 4905.03 and a public utility as defined in R.C. 4905.02, and, as such, is subject to the jurisdiction of this Commission, in accordance with R.C. 4905.04 and 4905.05.
- (2) On September 30, 2009, the Commission authorized Glenwood to begin to defer its uncollectible expenses (UEX) for future recovery. *In re Glenwood Energy of Oxford, Inc.*, Case No. 09-439-GA-UEX, Finding and Order (Apr. 14, 2010). In that same Order, the Commission authorized a UEX rider rate of \$0.08 per thousand cubic feet (Mcf). Since that time, Glenwood has filed updates to adjust the rider when appropriate.
- (3) Glenwood's current UEX rider rate of \$0.0459 per Mcf was approved in *In re Glenwood Natural Gas Co.*, Case No. 13-310-GA-UEX, Finding and Order (Sept. 18, 2013).
- (4) On August 25, 2015, Glenwood filed the instant application proposing to decrease its current UEX rider rate to \$0.0304 per Mcf. In addition, Glenwood proposes to employ additional internal controls to verify amounts when reconciling the annual budget reconciliation. Therefore, the proposed decrease is from \$0.0459 per Mcf to \$0.0304 per Mcf.

Current Rate	Proposed Rate	Amount of Decrease
\$0.0459 per Mcf	\$0.0304 per Mcf	\$0.0155 per Mcf

- (5) On September 11, 2015, Staff filed its review and recommendation on the proposed UEX rider adjustment. Staff performed a review of Glenwood's actual annual balance

reconciliation covering January 1, 2013, through December 31, 2014; Glenwood's annual balance of actual uncollectible accounts expense net of recoveries as of April 30, 2015; and Glenwood's proposed tariff sheets. Staff concluded that Glenwood appropriately calculated the rider rate and recommends the proposed rate of \$0.0304 per Mcf be approved.

- (6) The Commission reviewed the application filed on August 25, 2015, as well as Staff's recommendation, and finds the UEX rider rate of \$0.0304 is reasonable and in the public interest, and that it should be approved.

It is, therefore,

ORDERED, That, in accordance with Finding (6), Glenwood's application be approved and Glenwood be authorized to decrease its UEX rider rate to \$0.0304 per Mcf. It is, further,

ORDERED, That Glenwood be authorized to file two complete copies of tariffs, in final form, consistent with this Finding and Order. Glenwood shall file one copy in this case docket and one copy in its TRF docket. It is, further,

ORDERED, That the effective date of the new tariffs shall be a date not earlier than the date upon which final tariffs are filed with the Commission. It is, further,

ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any subsequent investigation or proceeding involving the justness or reasonableness of any rate, charge, rule, or regulation. It is, further,

ORDERED, That a copy of this Finding and Order be served upon all parties and interested persons of record.
