## MOTION OF THE DAYTON POWER AND LIGHT COMPANY TO ESTABLISH TEST PERIOD AND DATE CERTAIN AND FOR WAIVERS OF CERTAIN STANDARD FILING REQUIREMENTS

Pursuant to Ohio Rev. Code § 4909.15(C) and Ohio Admin. Code § 4901-7-01,

Appendix A ("Standard Filing Requirements" or "SFR"), Chapter II, (A)(5)(a) (p. 11), The

Dayton Power and Light Company ("DP&L") moves for an order establishing a date certain of

September 30, 2015 and a test period of the twelve-month period beginning June 1, 2015 for

DP&L's forthcoming application to change and increase its base rates for electric distribution

service.

In addition, pursuant to SFR, Chapter II, (A)(4)(a) (p. 9), DP&L moves for an

order waiving various Standard Filing Requirements, including but not limited to those

pertaining to generation and transmission services, which will not be the subject of the

forthcoming rate proceeding.

### MEMORANDUM IN SUPPORT OF MOTION OF THE DAYTON POWER AND LIGHT COMPANY TO ESTABLISH TEST PERIOD AND DATE CERTAIN AND FOR WAIVERS OF CERTAIN STANDARD FILING REQUIREMENTS

#### I. INTRODUCTION AND SUMMARY

Pursuant to Ohio Rev. Code § 4909.18, The Dayton Power and Light Company ("DP&L") intends to file an Application to increase its base rates for electric distribution service for the first time in nearly a quarter century on November 30, 2015. DP&L proposes a date certain of September 30, 2015 and a test period of the twelve-month period beginning June 1, 2015. In addition, DP&L requests various waivers from the Standard Filing Requirements for Rate Increases of Ohio Admin. Code § 4901-7-01, Appendix A ("Standard Filing Requirements or SFR"), including but not limited to those pertaining to generation and transmission services, which will not be the subject of the forthcoming rate proceeding.

#### II. DATE CERTAIN AND TEST PERIOD

The Commission, "when fixing and determining just and reasonable rates," shall determine "[t]he valuation as of the <u>date certain</u> of the property of the public utility used and useful \* \* \* as of the date certain, in rendering the public utility service for which rates are to be fixed and determined," Ohio Rev. Code § 4909.15(A)(1) (emphasis added), as well as "[t]he cost to the utility of rendering service for the <u>test period</u>," Ohio Rev. Code § 4909.15(A)(4) (emphasis added). An applicant under Ohio Rev. Code § 4909.18 "may propose a test period \* \* \* that is any twelve-month period beginning not more than six months prior to the date the application is filed and ending not more than nine months subsequent to that date." Ohio Rev. Code § 4909.15(C)(1). "The date certain shall not be later than the filing" for electric utilities. Ohio Rev. Code § 4909.15(C)(2).

DP&L intends to file its Application by November 30, 2015; therefore, the

Company will avail itself of the statutory "default" test period set forth in Ohio Rev. Code § 4905.15(C) and SFR, Chapter II, (A)(5)(a) (p. 11) whereby the date certain will have occurred before DP&L files its Application, and the test period began not more than six months before the date on which DP&L intends to file the Application. Thus, DP&L's proposal falls within the default parameters of Ohio Rev. Code § 4909.15 and should be accepted.

#### III. WAIVERS FROM STANDARD FILING REQUIREMENTS

DP&L also moves for an order waiving various Standard Filing Requirements for

its Application. The Commission "may, upon an application or a motion filed by a party, waive any requirement of these standard filing requirements, other than a requirement mandated by statute, for good cause shown." SFR, Chapter II, (A)(3) and (4)(a) (pp. 9-11).

> "The commission shall grant the request for a waiver upon good cause shown by the utility. In determining whether good cause has been shown, the commission shall give due regard, among other things to:

- (i) Whether other information, which the utility would provide if the waiver is granted, is sufficient so that the commission staff can effectively and efficiently review the rate application.
- Whether the information, which is the subject of the waiver request, is normally maintained by the utility or reasonably available to it from the information which it maintains.
- (iii) The expense to the utility in providing the information, which is the subject of the waiver request."

SFR, Chapter II, (A)(4)(d) (p. 11).

DP&L requests a waiver of all Standard Filing Requirements, insofar as they relate to DP&L's transmission and generation services, which will not be the subject of the forthcoming rate proceeding. Instead, DP&L intends only to increase its base rates for electric distribution service. Thus, any information relating to DP&L's transmission and generation services would be irrelevant to the Commission's determination as to whether DP&L's proposed distribution rates are just and reasonable. Similar waivers were granted in the most recent distribution rate cases for Ohio's other electric utilities. Entry, In the Matter of the Application of Duke Energy Ohio, Inc., for an Increase in its Electric Distribution Rates, et al., No. 12-1682-EL-AIR, et al. (July 2, 2012); Entry, In the Matter of the Application of Columbus S. Power Co. and Ohio Power Co., Individually and, if Their Proposed Merger is Approved, as a Merged Co. (collectively, AEP Ohio) for an Increase in Electric Distribution Rates, et al., No. 11-351-EL-AIR, et al. (Feb. 23, 2011); Entry, In the Matter of the Application of Ohio Edison Co., The Cleveland Electric Illuminating Co., and The Toledo Edison Co. for Authority to Increase Rates for Distribution Service, Modify Certain Accounting Practices and for Tariff Approvals, No. 07-551-EL-AIR, et al. (May 30, 2007).

Specifically, DP&L seeks a waiver from the following Standard Filing Requirements of Appendix A to the extent that they require the production of generation or transmission information:

- 1. Five-year capital expenditures budget (SFR, Chapter II, (B)(1) (p. 17));
- 2. Five-year financial forecast (SFR, Chapter II, (B)(2) (p. 17));
- 3. Underlying assumptions (SFR, Chapter II, (B)(3) (p. 17));
- 4. Five-year projection of revenue requirements (SFR, Chapter II, (B)(4) (p. 18));

- 5. Balance sheet items (SFR, Chapter II, (B)(5) (p. 18));
- 6. Changes in financial position (SFR, Chapter II, (B)(6) (p. 18));
- Executive summary of applicant's corporate process (SFR, Chapter II, (B)(8) (p. 19));
- 8. Executive summary of applicant's management policies, practices, and organization (SFR, Chapter II, (B)(9) (pp. 19-22));
- 9. Materials and supplies (SFR, Chapter II, (C)(11) (p. 23));
- 10. Depreciation expense (SFR, Chapter II, (C)(12) (p. 23));
- 11. Prior plant in service data ((SFR, Chapter II, (C)(16) (p. 24));
- 12. Depreciation reserve (SFR, Chapter II, (C)(19) (p. 24));
- 13. Construction projects that are 75 percent complete (SFR, Chapter II, (C)(20) (p. 25));
- 14. Data requirement for surviving dollars by vintage year of placement (SFR, Chapter II, (C)(21) (p. 25));
- 15. Chart of accounts (SFR, Chapter II, (D)(6) (p. 26));
- 16. Monthly managerial reports (SFR, Chapter II, (D)(7) (p. 26));
- 17. Depreciation study (SFR, Chapter II, (D)(8) (p. 26);
- 18. Labor contracts (SFR, Chapter II, (D)(11) (p. 26));
- 19. Standard journal entries (SFR, Chapter II, (D)(16) (p. 26));
- 20. All Section A (Revenue Requirements) Schedules (pp. 29-33);
- 21. All Section B (Rate Base) Schedules (pp. 34-70);
- 22. All Section C (Operating Income) Schedules (pp. 71-103);
- 23. All Section D (Rate of Return) Schedules (pp. 104-115); and
- 24. All Section E (Rate and Tariffs) Schedules (pp. 116-131).

# IV. <u>CONCLUSION</u>

For these reasons, DP&L requests a date certain of September 30, 2015 and a test period of the twelve-month period beginning June 1, 2015 for DP&L's forthcoming application to change and increase its base rates for electric distribution service. DP&L further requests a waiver of all Standard Filing Requirements insofar as they relate to DP&L's transmission and generation services.
