COMMENT DESCRIPTION:

I just heard on the evening news that Dayton Power & Light would like to increase our rates by about \$4.00 a month. From what I understand this will help ensure long-term service. I do not agree with this. Since I am on disability I have a very limited income. I live by myself so I have no one else to help in paying my utilities. I know several people who are in the same situation as I am. I would like to ask that DP&L's request to increase our rates not be approved. Thank you.
