This letter is in reference to CASE #14-1297, regarding the pending BAILOUT of First Energy in the amount of \$3.1 Billion, by adding \$10.85 to consumers bills, each month for the next 8—years!!

The concept of this proposition, is absolutely is no less than PREPOSTEROUS!! We have recently seen the requirement of MANDATORY HEALTH FOR INDIVIDUALS, with an attached penalty if they donot have it; there are some 2—million people struggling to exist, on Social Security, alone, and there was NO COST OF LIVING increase for 2016.

We have also seen dozens of Businesses closing or at least laying off/of eliminating jobs, adding to the dilemma of curtailed incomes.

This BAILOUT, SMELLS of inadequate, inappropriate and possibly ILLEGAL activities on the part of the Utilities Management Staff. The people who came up with this plan, should be run out of town on a rail and AT LEAST, INVESTIGATED AND PROSECUTED, as the law will allow.

Please Count me on the side of objecting, to this proposal!!!!

Thomas J. Hoch, 2426 Charing Cross NW, Canton, Ohio 44708

P.S.: Most of the Utilities, periodically ask their CONSUMERS WHO HAVE, TO HELP THOSE WHO HAVE NOT!! My comment to all of this is: "JESSE JAMES USED A GUN".

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
