Re: <u>Asset Transfer of Mobile Net POSA, Inc. to Ignition Wireless, LLC and Registration of</u>
Ignition Wireless, LLC as a Wireless Carrier in the State of Ohio

Dear Sir or Madam:

Through their attorneys and by this letter, Mobile Net POSA, Inc. d/b/a Expo Mobile and Jolt Mobile ("Transferor" or "Mobile Net") and Ignition Wireless, LLC ("Transferee" or "Ignition") hereby notify the Commission of a Transaction by which Transferee will acquire all of the assets relating to the Transferor's Expo Mobile fictitious name, including customers and underlying carrier contracts.

Transferor provides prepaid resold wireless services under two fictitious names, "Jolt Mobile" and "Expo Mobile." The present Transaction includes only those customers associated with the "Expo Mobile" name, as well as the underlying wireless resale contracts currently used to service those customers. Current Mobile Net customers that receive service under the "Jolt Mobile" name will continue to be served by Transferor.

I. Description of the Transaction

Pursuant to an Asset Purchase Agreement, dated December 3, 2015 ("Agreement"), by and among Mobile Net and Ignition (the "Transaction"), Ignition will acquire certain assets, including prepaid wireless customers and the "Expo Mobile" trade name from Mobile Net. Ignition will also acquire the underlying resale wireless contracts to serve the Expo customer base, so there will be no change in network availability for the affected customers. Finally, Ignition will formally add the fictitious name "Expo Mobile" and continue to provide service to the existing customers under that name.

Following consummation of this Transaction, Mobile Net's Expo Mobile customers will be transferred from Mobile Net to Ignition. Mobile Net will retain its authority to provide wireless services within Ohio in order to continue to serve the customers it will retain under the Mobile Net name.

AFDOCS/12741272.2

Docketing Division January 7, 2016 Page 2

The proposed Transaction will have no adverse impact on the customers. Expo's customers will continue to receive their existing services at the same rates, terms and conditions that they have prior to the transfer and any future changes in the rates, terms and conditions of service will be made consistent with Commission requirements. As part of the Transaction, Mobile Net will assign the underlying carrier contracts that it uses to serve the current Expo customers to Ignition to ensure that the Expo customers will continue to have access to the same network. Finally, Expo will be managed by personnel with significant experience in the telecommunications industry and may realize additional infusion of capital to support further expansion of Expo's current operations.

II. Contact Information

III. Public Interest Statement

The Transaction described in this Notice is in the public interest. Customers will continue to receive their services from Expo, under the same rates, terms and conditions, and will retain access to their current network. In addition, Ignition will add "Expo Mobile" as a fictitious name to service the current Expo customers. Expo will continue to be managed by persons with significant experience in the telecommunications industry. Further, this transaction may provide Expo with additional capital to support and expand its operations. The Parties note that there are a number of other wireless carriers operating in each market. Further, the services provided are prepaid resold wireless services, meaning there are no contracts at issue, rather, customers pay for their services monthly in advance, and affirmatively renew their service, as well as accept the terms of service.

IV. Conclusion

Because the services provided are resold wireless services, the Parties understand that Commission approval is not required. If approval is required, the Parties respectfully request AFDOCS/12741272.2

approval be granted as well as any other relief the Commission deems appropriate in order to consummate this Transaction no later than January 15, 2016.

With this Notice, Ignition is filing its required registration to provide wireless services within the State of Ohio. Please acknowledge this filing via e-mail to katherine.marshall@arentfox.com. Thank you for your assistance in this matter and please do not hesitate to contact the undersigned if you have any questions or concerns.

Respectfully submitted,

Re: Asset Transfer of Mobile Net POSA, Inc. to Ignition Wireless, LLC and Registration of Ignition Wireless, LLC as a Wireless Carrier in the State of Ohio

Dear Sir or Madam:

Through their attorneys and by this letter, Mobile Net POSA, Inc. d/b/a Expo Mobile and Jolt Mobile ("Transferor" or "Mobile Net") and Ignition Wireless, LLC ("Transferee" or "Ignition") hereby notify the Commission of a Transaction by which Transferee will acquire all of the assets relating to the Transferor's Expo Mobile fictitious name, including customers and underlying carrier contracts.

Transferor provides prepaid resold wireless services under two fictitious names, "Jolt Mobile" and "Expo Mobile." The present Transaction includes only those customers associated with the "Expo Mobile" name, as well as the underlying wireless resale contracts currently used to service those customers. Current Mobile Net customers that receive service under the "Jolt Mobile" name will continue to be served by Transferor.

I. Description of the Transaction

Pursuant to an Asset Purchase Agreement, dated December 3, 2015 ("Agreement"), by and among Mobile Net and Ignition (the "Transaction"), Ignition will acquire certain assets, including prepaid wireless customers and the "Expo Mobile" trade name from Mobile Net. Ignition will also acquire the underlying resale wireless contracts to serve the Expo customer base, so there will be no change in network availability for the affected customers. Finally, Ignition will formally add the fictitious name "Expo Mobile" and continue to provide service to the existing customers under that name.

Following consummation of this Transaction, Mobile Net's Expo Mobile customers will be transferred from Mobile Net to Ignition. Mobile Net will retain its authority to provide wireless services within Ohio in order to continue to serve the customers it will retain under the Mobile Net name.

APDOCS/12741272.2

Docketing Division January 7, 2016 Page 2

The proposed Transaction will have no adverse impact on the customers. Expo's customers will continue to receive their existing services at the same rates, terms and conditions that they have prior to the transfer and any future changes in the rates, terms and conditions of service will be made consistent with Commission requirements. As part of the Transaction, Mobile Net will assign the underlying carrier contracts that it uses to serve the current Expo customers to Ignition to ensure that the Expo customers will continue to have access to the same network. Finally, Expo will be managed by personnel with significant experience in the telecommunications industry and may realize additional infusion of capital to support further expansion of Expo's current operations.

II. Contact Information

Name, address and telephone number of the parties:

III. Public Interest Statement

The Transaction described in this Notice is in the public interest. Customers will continue to receive their services from Expo, under the same rates, terms and conditions, and will retain access to their current network. In addition, Ignition will add "Expo Mobile" as a fictitious name to service the current Expo customers. Expo will continue to be managed by persons with significant experience in the telecommunications industry. Further, this transaction may provide Expo with additional capital to support and expand its operations. The Parties note that there are a number of other wireless carriers operating in each market. Further, the services provided are prepaid resold wireless services, meaning there are no contracts at issue, rather, customers pay for their services monthly in advance, and affirmatively renew their service, as well as accept the terms of service.

IV. Conclusion

Because the services provided are resold wireless services, the Parties understand that Commission approval is not required. If approval is required, the Parties respectfully request AFDOCS/12741272.2

Docketing Division January 7, 2016 Page 4

approval be granted as well as any other relief the Commission deems appropriate in order to consummate this Transaction no later than January 15, 2016.

With this Notice, Ignition is filing its required registration to provide wireless services within the State of Ohio. Please acknowledge this filing via e-mail to katherine.marshall@arentfox.com. Thank you for your assistance in this matter and please do not hesitate to contact the undersigned if you have any questions or concerns.

Respectfully submitted,

Service Description

Ignition Wireless, LLC ("Ignition") intends to provide resold wireless services on a statewide basis.

Pursuant to an Asset Purchase Agreement, dated December 3, 2015 ("Agreement"), by and among Mobile Net POSA, Inc. d/b/a Expo Mobile and Jolt Mobile ("Mobile Net") and Ignition (the "Transaction"), Ignition will acquire certain assets, including prepaid wireless customers and the "Expo Wireless" trade name from Mobile Net. Ignition will also acquire the underlying resale wireless contracts to serve the Expo customer base, so there will be no change in network availability for the affected customers. Finally, Ignition will formally add the fictitious name "Expo Wireless" and continue to provide service to the existing customers under that name.

Following consummation of this Transaction, Mobile Net's Expo Mobile customers will be transferred from Mobile Net to Ignition. Mobile Net will retain its authority to provide international services in order to continue to serve the customers it will retain under the Jolt Mobile name.

The proposed Transaction will have no adverse impact on the customers. Expo's customers will continue to receive their existing services at the same rates, terms and conditions that they have prior to the transfer and any future changes in the rates, terms and conditions of service will be made consistent with Commission requirements. As part of the Transaction, Mobile Net will assign the underlying carrier contracts that it uses to serve the current Expo customers to Ignition to ensure that the Expo customers will continue to have access to the same network. Finally, Expo will be managed by personnel with significant experience in the telecommunications industry and may realize additional infusion of capital to support further expansion of Expo's current operations.
