RE: Case Nos. 10-2439-EL-BSB and 10-2440-EL-BTX

Dear Ms. McNeal,

On behalf of the Applicants, the City of Hamilton and American Municipal Power, Inc., this letter is submitted to provide notice of construction completion and commercial operation for the 138 kV transmission line and associated substation for the Meldahl Hydroelectric Power Project ("Project"). Applicants received Certificates of Environmental Compatibility and Public Need for the Project on November 28, 2011. In accordance with Condition 50 of the Certificates, Applicants are providing notice that construction was completed on March 17, 2014 and the transmission line was first energized for commercial operation on May 27, 2015. For clarity, please note that commercial operation of the Project transmission line and substation does not coincide with commercial operation of the Meldahl hydroelectric power generation plant itself.

Please do not hesitate to contact me if you have any questions regarding this matter. Thank you.

On behalf of the Members,

/s/ Lisa G. McAlister
