4. When sewage disposal service has been discontinued in accordance with these Rules and Regulations the entire bill, plus an additional charge of Ten Dollars (\$10.00) for reconnection must be paid before service will be restored to the same customer. No charge will be made for connection of a new customer at the same premises.

B. Unmetered Customers

1. Under normal conditions, a bill for an unmetered customer shall be due and payable within fifteen (15) days after the mailing of such bill. When service to any premises, lot or facility is established on a date between such quarterly billing periods, the customer shall be charged a per diem pro rata amount based on the rate for this class of service until commencement of the following billing period.
 2. When an unmetered customer permanently terminates service during a quarter, the charge for the quarter shall be prorated on a per diem basis, and the customer shall be reimbursed for any sums paid in advance upon such per diem basis.
 3. Bills unpaid thirty (30) days after the date of the mailing shall subject the premises, lot or facility to discontinuance of service. Notice of past due-bills will be mailed to customers, and sewage disposal service may be terminated by the Company in accordance with the procedures for discontinuance of service set forth in these Rates, Rules and Regulations.

Re: Public Service Corporation
Case No. 83-972-ST-AAC

Dear Ms. Higgins:

We are in receipt of the Commission's Opinion and Order dated May 1, 1984 which requires Public Service Corporation to prepare and file with the Commission revised tariffs reflecting a \$10.00 reconnection charge. On page 8 of the Opinion and Order reference is made to the company having "intended to raise all reconnection charge references to \$50.00 in its last rate case which it did not actually do."

Upon review of my file, I find that in 1981 the Public Service Corporation made Application to the Commission to expand its service area and by Opinion and Order dated April 29, 1981, a copy of which is enclosed, such authority was granted (Case No. 80-487-ST-AAC). This Opinion and Order required that the Public Service Corporation file with the Commission amended tariffs reflecting "rates not higher than those currently in effect for its existing service area". On May 20, 1981 by letter to Mr. Carl Green, Lance W. Schneier filed with the Commission revised tariffs which set forth the reconnection fee to be \$10.00.

In January of 1980, Public Service Corporation filed an Application for an increase in rates with the Commission (Case No. 80-48-ST-AIR). By Opinion and Order dated May 19, 1981, a copy of which is enclosed, the Commission approved the increase in rates and ordered that Public Service Corporation file with the Commission in final

form three complete printed copies of the newly approved tariffs.

On May 28, 1981 by letter to Mr. David Polk at the Public Utilities Commission of Ohio Lance W. Schneier filed on behalf of Public Service Corporation three complete printed copies of the newly approved tariffs, (copies of which are enclosed). In Section 4, first revised sheet No. 6 which replaced Original Sheet No. 6 provides for a reconnection fee of \$50.00. In Section 5, the first revised sheet No. 4 which replaced Original Sheet No. 4 also provides for a reconnection fee of \$50.00. These revised tariffs were filed in accordance with Order No. 80-48-ST-AIR dated May 19, 1981 and effective June 1, 1981.

In light of the above, it appears that the reconnection fee of \$50.00 was approved. Therefore, we ask that you reconsider the provisions of the Opinion and Order dated May 1, 1984 and modify it to provide that Section 4, Original Sheet No. 2 be revised to reflect a \$50.00 reconnection charge.

Thank you for your assistance.

Very truly yours,

William S. Newcomb, Jr.

SEWER USE RATES

A. GENERAL

Sewage disposal service provided by the Company is furnished subject to the rates, charges, rules and regulations shown in this tariff, as it now exists, or as it may be revised, added to, or supplemented.

B. USE RATES AND THEIR APPLICATION

1. Domestic Use

Flat rate per customer, per dwelling unit, per quarter, payable in advance..... \$47.25

2. Nondomestic Use

Metered rates per customer, per month, per 1,000 gallons of 200 p.p.m. b.o.d. concentration sewage. Payable 15 days after billing..... \$ 1.12
The rates will increase or decrease in direct proportion to changes in the b.o.d. concentration. Nondomestic sewer use will be measured through sewage flow meters provided and installed by the Company.

3. Minimum Monthly Payment

For each lot or facility making nondomestic use of the Company's sewage disposal service, the customer shall pay a minimum monthly payment equal to one-half the product of \$1.12 times the estimated sewage flow to serve the customer's lot or facility, calculated in accordance with Ohio Environmental Protection Agency Formula, in gallons per day at 200 p.p.m. b.o.d. concentration, times thirty (30) days and divided by 1,000.

4. Testing

The Company will perform tests to determine the b.o.d. concentration of sewage for purposes of computing nondomestic use rates at least annually from samples taken from the premises of nondomestic customers. Additional tests may be performed at the request of the customer, not to exceed one test per month.

C. TURN OVER OF SYSTEM

The Company shall not turn over to any other utility or branch of government any part of its sewage collection and disposal service prior to approval by the agency, branch or subdivision of government with regulatory jurisdiction over the Company of appropriate changes to the Company's Rates, Rules and Regulations to meet all financial consequences of the turnover.

4. Any bill remaining unpaid fifteen (15) days after its due date shall be subject to a delayed payment charge of ten percent (10%) of the amount of the bill.
 5. The Company, in order to safeguard its interest, may require the unmetered customer to make a deposit not to exceed forty-seven dollars and twenty-five cents (\$47.25) to be held by the Company as a guarantee of the payment of charges. At such time as the service is terminated, or, at the Company's option, prior to termination of service, the amount of the deposit plus six percent (6%) annual interest shall be credited to the customer's account or refunded to the customer. The provisions of Chapter XXXI, Rules and Regulations Governing the Establishment of Credit for Residential Utility Services, Code of Rules and Regulations of the Public Utilities Commission of Ohio is incorporated herein by reference.

C. Metered Customers

1. Under normal conditions, a billing for a metered customer shall be due and payable within fifteen (15) days after the mailing of such bill.
 2. Bills unpaid thirty (30) days after the date of the mailing shall subject the premises, lot or facility to discontinuance of service. Notice of past-due bills will be mailed to customers, and sewage disposal service may be terminated by the Company in accordance with the procedures for discontinuance of service set forth in these Rates, Rules and Regulations.

If service is discontinued, service to the same premises, lot or facility, for the same owner or occupant, will not be restored until the final bill is paid together with an additional charge of Fifty Dollars (\$50.00) for reconnection.

4. In any case wherein temporary service is requested for any purpose the Company shall make an estimate of the cost of installation and removal of the facilities required for such service; and the applicant for the service shall deposit with the Company the amount of such estimate. When such temporary service is no longer desired and is discontinued, all facilities not thereafter usable shall be removed and the actual installation and removal cost, less salvage value of the facilities so removed or left in place for use by the Company shall be determined. The customer shall then be reimbursed for the amount of his deposit less the "in-and-out" cost determined as above. The customer shall also be liable for a use fee calculated in accordance with Section 2 of these Rates, Rules and Regulations.
5. The contract between the customer and the Company covering sewage disposal service is not transferable to any other person; and no agent of the Company has the authority to consent in writing, or otherwise, to such transfer.
