RE: Case No. 16-253-GA-BTX

Dear OPSB,

My husband (Thomas A. Kreitinger) and I received a letter from Duke Energy on February 29th. The letter informed us about a new natural gas transmission line project (Central Corridor Extension Project) in our area. It stated the letter was sent to us because the new gas pipeline may go through our property or through properties adjacent to ours.

We do not want the new gas pipeline to go through or near our property. This property is our residence.

Please send notification of the schedule for the hearings, as well as the filing of other documents in the case to us at:

6150 St. Regis Drive  
Cincinnati, OH 45236

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
