COMPLAINT DESCRIPTION:

I'd like to know how the PUCO will entertain a rate increase from First Energy when that company has wasted millions upon millions of dollars on a name sponsorship for the Cleveland Browns Stadium and now, additionally, on an ad campaign to "make their case" as to why they deserve a rate increase. Both of these, especially the stadium sponsorship, are an egregious waste of funds that should be required to be invested in the core business for capital improvements. I want to know what you plan to do hold First Energy accountable for this. If you don't address these very legitimate concerns satisfactorily, I plan to seek recourse with the Ohio Attorney General.
