Replacement Program Cost Recovery Charge)
and Related Matters)

**THE EAST OHIO GAS COMPANY D/B/A DOMINION EAST OHIO'S
STATEMENT INFORMING THE COMMISSION WHETHER
THE ISSUES RAISED IN COMMENTS HAVE BEEN RESOLVED**

In accordance with the Commission's March 7, 2016 Entry, The East Ohio Gas Company d/b/a Dominion East Ohio (DEO) hereby informs the Commission whether the issues raised in the comments have been resolved.

Staff filed Comments on March 25, 2016, and recommended that the Commission direct DEO to file revised schedules to remove certain out-of-period adjustments. (Staff Comments at 5–6.) To account for the removal of these out-of-period adjustments, Staff recommended small decreases in the PIR Cost Recovery Charge as applicable to two rate classes (*i.e.*, two cents to the LVGSS/LVECTS rate, and six cents to the GTS/TSS rate). (*Id.* at 6.) With these modifications, Staff “recommend[ed] that the Commission approve DEO’s Application.” (*Id.* at 7) No other party filed comments in this case.

Although DEO does not necessarily agree with Staff’s general position not to “support[] adjustments to pending rider applications in order to reflect out-of-period adjustments” (*id.* at 6), the recommendation in this case has no detrimental impact on DEO, and thus DEO is not opposing Staff’s recommendation. Given that no issues raised in the comments require Commission resolution, and given that Staff (the only party to file comments) recommended approval of the PIR Cost Recovery Charge with unopposed modifications, DEO believes that a hearing in this case is unnecessary. *See* Entry ¶ (5)(f) (Mar. 7, 2016) (“*In the event* that all of the

issues are not resolved or the parties enter into a stipulation, a hearing shall commence”)

(emphasis added). Therefore, DEO respectfully requests that the Commission approve its

February 29, 2016 Application subject to the modification recommended by Staff.

Dated: March 29, 2016
