QUESTION DESCRIPTION:

Why must I use the electric choice of an apartment community owners choice instead of have a choice? It's my money, and usage. Why would you want to allow someone to sublet electricity for profit? This is very poor oversight, and allows the property owner to charge what they want , for what they want. Yes, it's an Ardent community. I know i'm not alone . Please give attention to mine and many others grip of sub-let electricity!
