**Re: Trishe Wind Ohio, LLC,
Case No. 13-197-EL-BGN**

Dear Ms. McNeal:

The December 16, 2013 Opinion, Order, and Certificate approving Northwest Ohio Wind Energy, LLC's [now known as Trishe Wind Ohio, LLC ("Trishe")] Certificate of Environmental Compatibility and Public Need ("Certificate") and the October 1, 2013 Supplement to Amended Application ("Supplement") established a set of conditions and supplemental commitments as part of the Certificate.

Within this set of conditions and commitments, **Condition No. 24** requires that:

The Applicant shall monitor the microwave paths to ensure there are no adverse impacts. At least 30 days prior to the preconstruction conference, the Applicant shall conduct a microwave path study that identifies all existing microwave paths that intersect the selected route, and a worst-case Fresnel zone analysis for each path. A copy of this study shall be provided to the path licensee(s) for review, and to Staff for review and confirmation that the Applicant is complying with this condition.

By this letter Trishe confirms that on April 8, 2016, a hard copy of the updated Microwave Beam Path study was mailed to all of the beam path operators. If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
