**Subject:** The City of Springdale Hamilton County OH

Good morning Mr. Marshall.

It was brought to my attention that the gas annual report filings for The City of Springdale Hamilton County OH were filed under an incorrect certificate number, which is 12-140G. I can track this back to the 2012 filing year (for 2011 reports).

The certificate number was incorrectly entered into the program that tracks all of the certificates issued by the Public Utilities Commission of Ohio. It has since been corrected.

For future reference, the correct Certificate Number is # 12-240G.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.  
Technician AW Date Processed 4/13/16

Although the certificates already filed will still reflect the incorrect certificate number, the data recorded here will contain the correct certificate number. For future filings, the correct certificate number should be automatic when filing.

I left a message with your recording service in case you missed this email. Should you have any questions or need clarification, please don't hesitate to contact me at the phone number below.

Thank you,

*Danelle Miller* CSA 2
