Re: Case No. 16-796-EL-ACP
NextEra Energy Services Ohio, LLC
Public Version of the 2015 Alternative Energy Compliance Report

Dear Ms. McNeal:

I am filing a redacted version of the Alternative Energy Compliance Report for Calendar Year 2015 for NextEra Energy Services Ohio, LLC. This report is redacted because it contains certain confidential and proprietary information. Pursuant to Rule 4901-1-24(D) of the Ohio Administrative Code, a motion for protective order has been filed and two copies of the confidential version of this report are being submitted under seal.

Thank you for your consideration.

Sincerely yours,

A handwritten signature in black ink that reads "Stephen M. Howard".

REDACTED - PUBLIC VERSION

COMPETITIVE RETAIL ELECTRIC SERVICE PROVIDER
ALTERNATIVE ENERGY RESOURCES REPORT FOR CALENDAR YEAR 2015

NextEra Energy Services Ohio, LLC (hereinafter "CRES") in accordance with Sections 4928.64, 4928.643 and 4928.65, Ohio Revised Code and Commission Rules 4901:1-40-03 and 4901:1-40-05 hereby submits this Annual Alternative Energy Report ("AER") detailing compliance with the Ohio Alternative Energy Portfolio Standards.

I. Determination that an Alternative Energy Resource Report is Required (check one)

- ☒ During calendar year 2015 the CRES states that it conducted retail sales of generation to customers who utilized the generation in a load center located within the state of Ohio.
- ☐ During calendar year 2015 the CRES states that it did not conduct retail sales of generation to customers who utilized the generation in a load center located within the state of Ohio. (If this block is checked proceed to the signature line)

II. Determination of the sales baseline for 2015

The CRES will mark the applicable options below in the determination of the sales baseline for 2015.

- a. The baseline is computed as an average of the three preceding calendar years (listed below) of the total annual number of kilowatt-hours of electricity sold to any and all retail electric consumers served by the CRES in Ohio, based upon the kilowatt-hours sales in the CRES' most recent quarterly market-monitoring reports or reporting forms. That average is _____ MWh.

2012	_____	MWh
2013	_____	MWh
2014	_____	MWh

- b. The CRES has not been continuously supplying Ohio retail electric customers during the preceding three calendar years; therefore, the baseline shall be computed as an average of annual sales data for all calendar years during the preceding three years (listed below) in which the CRES was serving retail customers. That average of annual sales data for all such calendar years is _____.

2012	_____	MWh
2013	_____	MWh
2014	_____	MWh

- c. The CRES had no retail electric sales in Ohio during the preceding three calendar years; therefore, its initial baseline shall consist of a reasonable projection of its retail electric sales in Ohio for a full calendar year. That reasonable projection of its retail

REDACTED - PUBLIC VERSION

electric sales in Ohio for the full calendar year of 2015 is _____. Subsequent baselines shall consist of actual sales data.

- d. Beginning with compliance year 2015, a CRES may choose for its baseline the total kilowatt hours sold to any and all applicable retail consumers located in Ohio in 2015 who are served by the CRES. Such actual sales in 2015 was [REDACTED] MWh.
- e. A CRES may file an application requesting a reduced baseline to reflect new economic growth in its service territory or service area. Any such application shall include a justification including why timely compliance based on the unadjusted baseline is not feasible, a schedule for achieving compliance based on its unadjusted baseline, quantification of a new change in the rate of economic growth, and a methodology for measuring economic activity, including objective measurement parameters and quantification methodologies.

III. Determination of the number of Solar and Total Renewable Energy Credits (RECs) Required and Statement of the Number of RECs Claimed

RENEWABLE ENERGY CREDITS REQUIRED AND OBTAINED FOR 2015

Types	No. of RECs Required (a)	No. of RECs Obtained (b)	Registry (c)
Solar	132	132	PJM EIS
Non Solar	2,608	2,608	PJM EIS
Total	2,740	2,740	PJM EIS

- a. Column (a) above lists the unadjusted number of Solar and Total RECs Required for the CRES in 2015. The determinations were calculated by multiplying the Baseline Sales by 12 hundredths of one per cent (.12%) for Solar RECs and 238 hundredths percent (2.38%) for non-Solar RECS. Total RECs include both Solar and Non Solar RECs.
- b. The CRES states that it has obtained in accordance with the Commission's Rules the number of Solar and Non Solar RECs listed in column (b) above for 2015.
- c. The CRES used the PJM GATS/M-RETS registry for the RECs detailed above.
- d. The CRES states that the RECs it has obtained for 2015 is the number listed in column b above.
- e. CRES states that it did not seek and did not receive a *force majeure* determination for Solar RECs.

IV. Compliance (check one)

- ☒ CRES states that it has obtained the required number of Solar RECs and Total RECs without adjustments permitted pursuant to Rule 4901:1-40-05(A)(3).
- ☐ CRES states that it has obtained the required number of Solar RECs and Total RECs after adjustments permitted pursuant to Rule 4901:1-40-05(A)(3). The

REDACTED - PUBLIC VERSION

type adjustment, reason for the adjustment and merit for making the requested adjustment of the proposed adjustments are detailed in an exhibit attached to this Report.

- ☐ CRES states that it is not in compliance with number of Solar RECs or Total RECs required for 2015.

V. Ten Year Forecast

a. Ten Year Forecast of Solar and Non-Solar RECs

In accordance with Rule 4901:1-40-03(C) the CRES hereby provides a projection for the next 10 years for RECs and Solar RECs.

Year	Solar RECs	Non-solar RECs	Total RECs
2015			
2016			
2017			
2018			
2019			
2020			
2021			
2022			
2023			
2024			

b. The Supply Portfolio projection is based upon:

NextEra Energy Services will continue to purchase its power through the wholesale market

c. The Methodology used to evaluate compliance is based upon:

NextEra Energy Services will consider economical options for compliance as more viable options are introduced, but will continue to meet its obligations through the purchase of RECs until such time.

d. Optional comments on any perceived impediment(s) to achieving compliance with the Solar and Non Solar REC requirements, as well as any discussion addressing such impediments.

NextEra Energy Services does not anticipate any substantial impediments to achieving compliance with regards to meeting its solar and non-solar REC obligations.

REDACTED - PUBLIC VERSION

COMPETITIVE RETAIL ELECTRIC SERVICE PROVIDER

ALTERNATIVE ENERGY RESOURCES REPORT FOR CALENDAR YEAR 2015

I, Aundrea Williams, am the duly authorized representative of NextEra Energy Services. To the best of my knowledge all the information contained in the foregoing report including any exhibits and attachments are true, accurate and complete.
