Subject: Central Corridor Pipeline Extension - Case No. 16-253-GA-BTX

To - Ohio Power Sitting Board

Re - HELP!!!

We are shocked and concerned that Duke Energy would endanger the lives of Tangleridge residents due to corporate greed with an unprecedented 30" pipeline extension in our back yards!! We have documentation of numerous fatalities caused when natural gas pipelines burst into flames!!! In addition, the destruction of mature trees and the ecosystem for wildlife is totally irresponsible.

Please help us save our neighborhood by rejecting Duke's proposed pink route for this dangerous gas line.

Thank you for your prompt attention to this request.

Sincerely,

Nancy Miller & Ronald Friedman
