Subject: Duke Energy Pipeline in Blue Ash

Hello:

My husband and I were very upset to learn that Duke Energy intends to install a large diameter, high pressure pipeline through residential sections of Blue Ash, Ohio. A project of this magnitude is unprecedented, posing very real risks to our community. The fact that it is being fast tracked without regard to resident feedback is worrisome. Please stop this project until all concerns can be addressed.

Thank you for your consideration.

Karen and Alan Zalta
