Columbus, Ohio 43215

Case No. 16-253-GA-BTX

RECEIVED-DOCKETING DIV
2016 APR 28 PM 12:27
PUCO

Dear Sirs;

I am writing to encourage the Board to eliminate a particular routing for the proposed Natural Gas Supply Line in Southwest Ohio. One of the optional routes runs very close to homes along Bluewing Terrace in Blue Ash. Many of the homeowners are concerned that the proximity would decimate the buffer between the University of Cincinnati Blue Ash and their homes. Others fear the loss of a barrier between their residences and a very large apartment complex.

Many have apprehension about the safety of having a 30-inch, high pressure natural gas line so close to their homes and families.

As their Blue Ash City Council Representative, I am hoping to persuade the Board to route this large supply line along major thoroughfares whenever possible, even at a higher cost.

Thank you for your time,

Marc Sirkin DDS
