COMMENT DESCRIPTION:

Regarding Case No. 16-253-GA-BTX - I am writing to oppose the installation of an unprecedented 30" natural gas pipeline in my back yard. I am requesting that PUCO does NOT allow the pink line route for the Central Corridor Pipeline Extension. Duke Energy has never installed a pipeline of this size along residential property before. This alone is a major safety

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician fe Date Processed MAY 03 2016

concern, especially given the history of large pipeline accidents such as the San Bruno disaster as well as the explosion 2 days ago in Pennsylvania. Please re-consider the routing of this pipeline to NON-RESIDENTIAL areas!! It is outrageous that DUKE is not restricting this pipeline to larger thoroughfares and non-residential areas or using smaller pipelines with a proven track record for safety. Thank you for your prompt attention to this request. Sincerely, Nancy Miller
