2016 ANNUAL INFORMATIONAL FILING OF THE EAST OHIO GAS COMPANY D/B/A DOMINION EAST OHIO

On July 2, 2014, the Commission issued a Finding and Order in Case Nos. 13-2410-GA-UNC and 13-2411-GA-AAM approving the Application filed in those cases and granting DEO's proposal for ongoing approval of its Capital Expenditure Program (CEP) and continuing deferral authority until such time as the \$1.50-per-month cap is reached, subject to and consistent with the Commission's Finding and Orders issued in Case Nos. 11-6024-GA-UNC and 12-3279-GA-UNC.

In its 11-6024 Order, the Commission required DEO to "docket an annual informational filing by April 30 of each year that details the monthly CEP investments and the calculations used to determine the associated deferrals, as recommended by Staff." 11-6024 Order at 14. The annual informational filing is to "include schedules showing the inputs and all calculations used to determine the monthly deferred amounts, including a breakdown of investments (by budget class), PISCC [post-in-service carrying costs], depreciation expense, property tax expense, and all incremental revenue, as well as a capital budget for the year following the year covered in the filing." *Id.* The filing "should also include a schedule showing the potential impact on GSS customer rates, if the deferrals were to be included in rates." *Id.* In its 12-3279 Order, the

Commission directed DEO to "include revenue data from all potential sources of revenue delineated in the incremental revenue formula adopted by the Commission in 11-6024" in its annual informational filings due on April 30 of each year. 12-3279 Order at 5.

In accordance with the Commission's Orders, DEO provides the accompanying informational filing, which includes the following schedules:

- Schedule 1 Capital Investment and Deferral Summary
- Schedule 2 Rate Projection for the GSS/ECTS Class
- Schedule 3 Gross Capital Investment
- Schedule 4 Gross Capital Investment Cumulative
- Schedule 5 Cost of Removal (COR)
- Schedule 6 Cost of Removal (COR) Cumulative
- Schedule 7 Retirements
- Schedule 8 Retirements Cumulative
- Schedule 9 Depreciation Expense
- Schedule 10 Post In-Service Carrying Costs (PISCC)
- Schedule 11 Property Tax Expense
- Schedule 12 Amortization of Deferrals
- Schedule 13 Incremental Revenue Calculation
- Schedule 14 Summary of Projected 2016 Capital Expenditure Plan Investments

The accompanying schedules contain the information required by the Commission's 11-6024 Order and 12-3279 Order. Certain beginning balances as of December 31, 2014, included in this filing have been adjusted as shown in the summary on Schedule 1 to reflect the reclassification of certain project costs between FERC accounts, the reclassification of certain project costs to cost of removal, and the inclusion of additional retirements not previously recognized. DEO is

willing to provide additional information if the Commission believes that such information is reasonably necessary to enable review of the DEO's CEP.

The 13-2410 Order required that DEO provide interested persons and Staff an opportunity to comment on this report. 13-2410 Order at 4–5. Under that order, "any comments and reply comments should be filed within 30 days and 40 days, respectively," of the date this report is filed, with any procedures that follow to be established by the Commission if necessary. *Id.* DEO will continue to accrue appropriate deferrals, unless and until the Commission orders otherwise. *See id.*

Dated: April 29, 2016 Respectfully submitted,
