①

As a councilman and residents of great city of Blue ash. I am writing this about proposed Natural gas line project No 16-253-GA-BTX by Duke energy. Out of three proposed route one of which travel through the city of Blue Ash .

The route is totally unacceptable because it's running thru highly populated residential area .And that's has created A Big safety issue . The recent incidents In Pennsylvania, A gas explosion make me really worried about the safety of Blue Ash residents particularly BLUEWING TERRACE street . So I really like to suggest that you guys pick up different rout. Thanks . PRAMOD JHAVERI COUNCILMAN
