Subject: Duke Energy natural gas pipeline extension - Case #16-253-GA-BTX

We are contacting you to voice our grave concern pertaining to the proposed Duke natural gas pipeline extension.

We are shocked that placing this line into a densely populated residential area like our city of Blue Ash, Ohio is even being considered.

Not only will the installation of the line be disruptive to the area, the damage during the construction process will be significant.

Even more concerning is the possibility of a disaster in the event of a leak in the line or a shift in the earth causing a break in the line.

We strongly urge you cause the cancellation of this project or at the very least run this 30" diameter line through an unpopulated area.

Thank you,

Fran & Ralph Lowenstein  
23 Fallen Branch Lane  
Blue Ash, Ohio 45241
