Re: Gas Pipeline 16-263=GA-BTX

May 8, 2016

This is my second letter on this subject, but I have an additional concern. One proposed map shows a pipeline at the edge of Blue Ash College's rear parking lot and my back yard. My yard contains multiple pipes extending through nearly all back yard, as part of my geothermal heating and cooling system. This is contained in no public record, only my installer and I have records of it, as it seemed not to conflict with any other pipes or power lines. Is Duke prepared to be responsible for any damage to the pipes if they decide to use any part of my property?
