COMMENT DESCRIPTION:

Duke Energy is proposing an extensive pipeline extension right through a densely populated area of nice neighborhoods in Sycamore Township. Please note, the neighbors and community members here are VEHEMENTLY opposed to having a gas pipeline extension built through such a densely populated area. It will adversely affect our neighborhoods in too many ways to

count, with increased and prolonged construction and traffic congestion, the potential for accidents, leaks, and explosions near schools and homes, and a decrease in our homes' values. Please make note of the very active, high sentiment against this proposed project here in our communities. It's something everyone is talking about, and no one wants. Please do not approve this project plan. These are beautiful neighborhoods, and the communities here will neither benefit from the pipeline extension, nor support it. This project will result in lawsuits, neighborhood exodus, and resulting economic ramifications, and potentially much worse. Please respond to assure me you have heard this concern and will weigh it carefully.
