Re: Power Broker License Number 12-492E (1) & (2) Issued: 04/01/12 and Renewed 04/04/14

Dear Ohio Public Utilities Commission,

Please be advised that MCEnergy, Inc. ("MCE") executed an agreement on August 17, 2015 to transfer its operations to Yardi Systems, Inc. ("Yardi"). Yardi is a provider of high-performance software solutions for the real estate community. The company's corporate headquarters are located in Santa Barbara, CA.

Yardi will be submitting an application for a Power Broker License under its own name. Upon issuance of the new License by the Public Utilities Commission, electricity broker activities for MCE clients will be transferred by MCE to Yardi. After the transfer, former MCE management and staff will be Yardi employees, and operations will continue to be based in the former MCE office location in Valhalla, NY. Prior to the issuance of Yardi's License, MCE will be continuing to provide electricity broker activities to its clients under the License referenced above.

Please be advised that no changes have occurred to the ownership, management, staff or operations of MCE at this time. Upon issuance of the Yardi license and transfer of the MCE operations to Yardi, MCE will cease providing electricity broker activities. MCE will advise the Public Utilities Commission when this transfer occurs.

Please note MCE's new address as we have moved offices into a new Suite:

200 Summit Lake Drive
Suite 260
Valhalla, NY 10595

If you have any questions, please contact MCE's Counsel, Barbara Farr, at 631-734-8687 or by email at barbara.farr@mcenergyinc.com.

Best Regards,

Margaret M. Carey
President
