Re: Carroll County Energy LLC
Final Metering Station Design
Case No.: 13-2425-GA-BNR

Dear Mr. O'Dell:

As you are aware, Carroll County Energy LLC ("CCE") is preparing to construct the access road and metering station for the natural gas pipeline that will be used to supply the Carroll County Energy Facility, an electric generating facility, case number 13-1752-EL-BGN. The metering station and access road will be constructed on property owned by CCE. The attached Figure 1 reflects the final design for the metering station and access road as well as the area on CCE's property where top soil and subsoil will be placed, stabilized and seeded with the appropriate BMPs to be followed.

By copy to Ms. Barcy McNeal, a copy of this correspondence will be filed on the docket in the above-referenced proceedings.

Please call me or Amy Frazier, Associate General Counsel and Manager, Environmental Permitting, Advanced Power Services (NA) Inc. at 617-456-2209 if you have any questions regarding this correspondence.

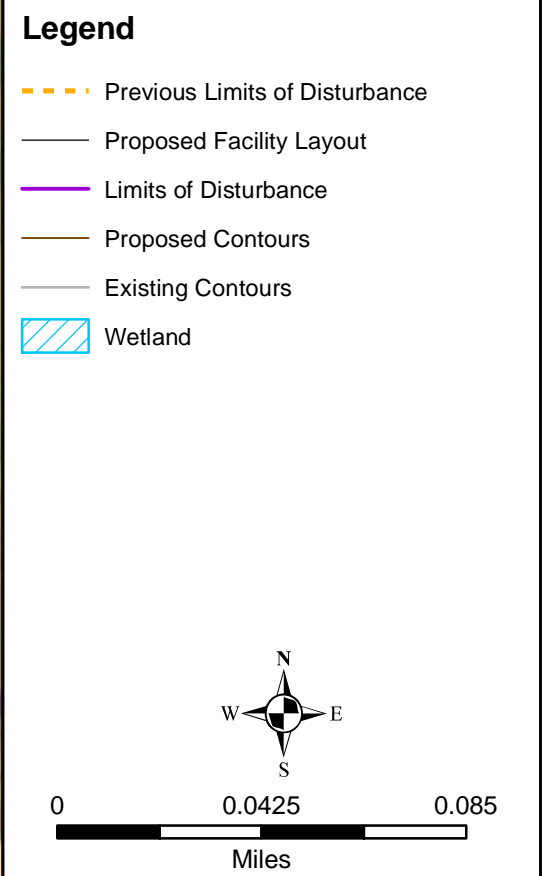

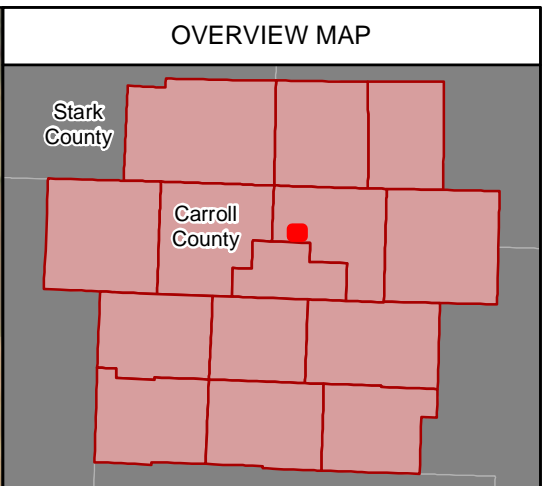

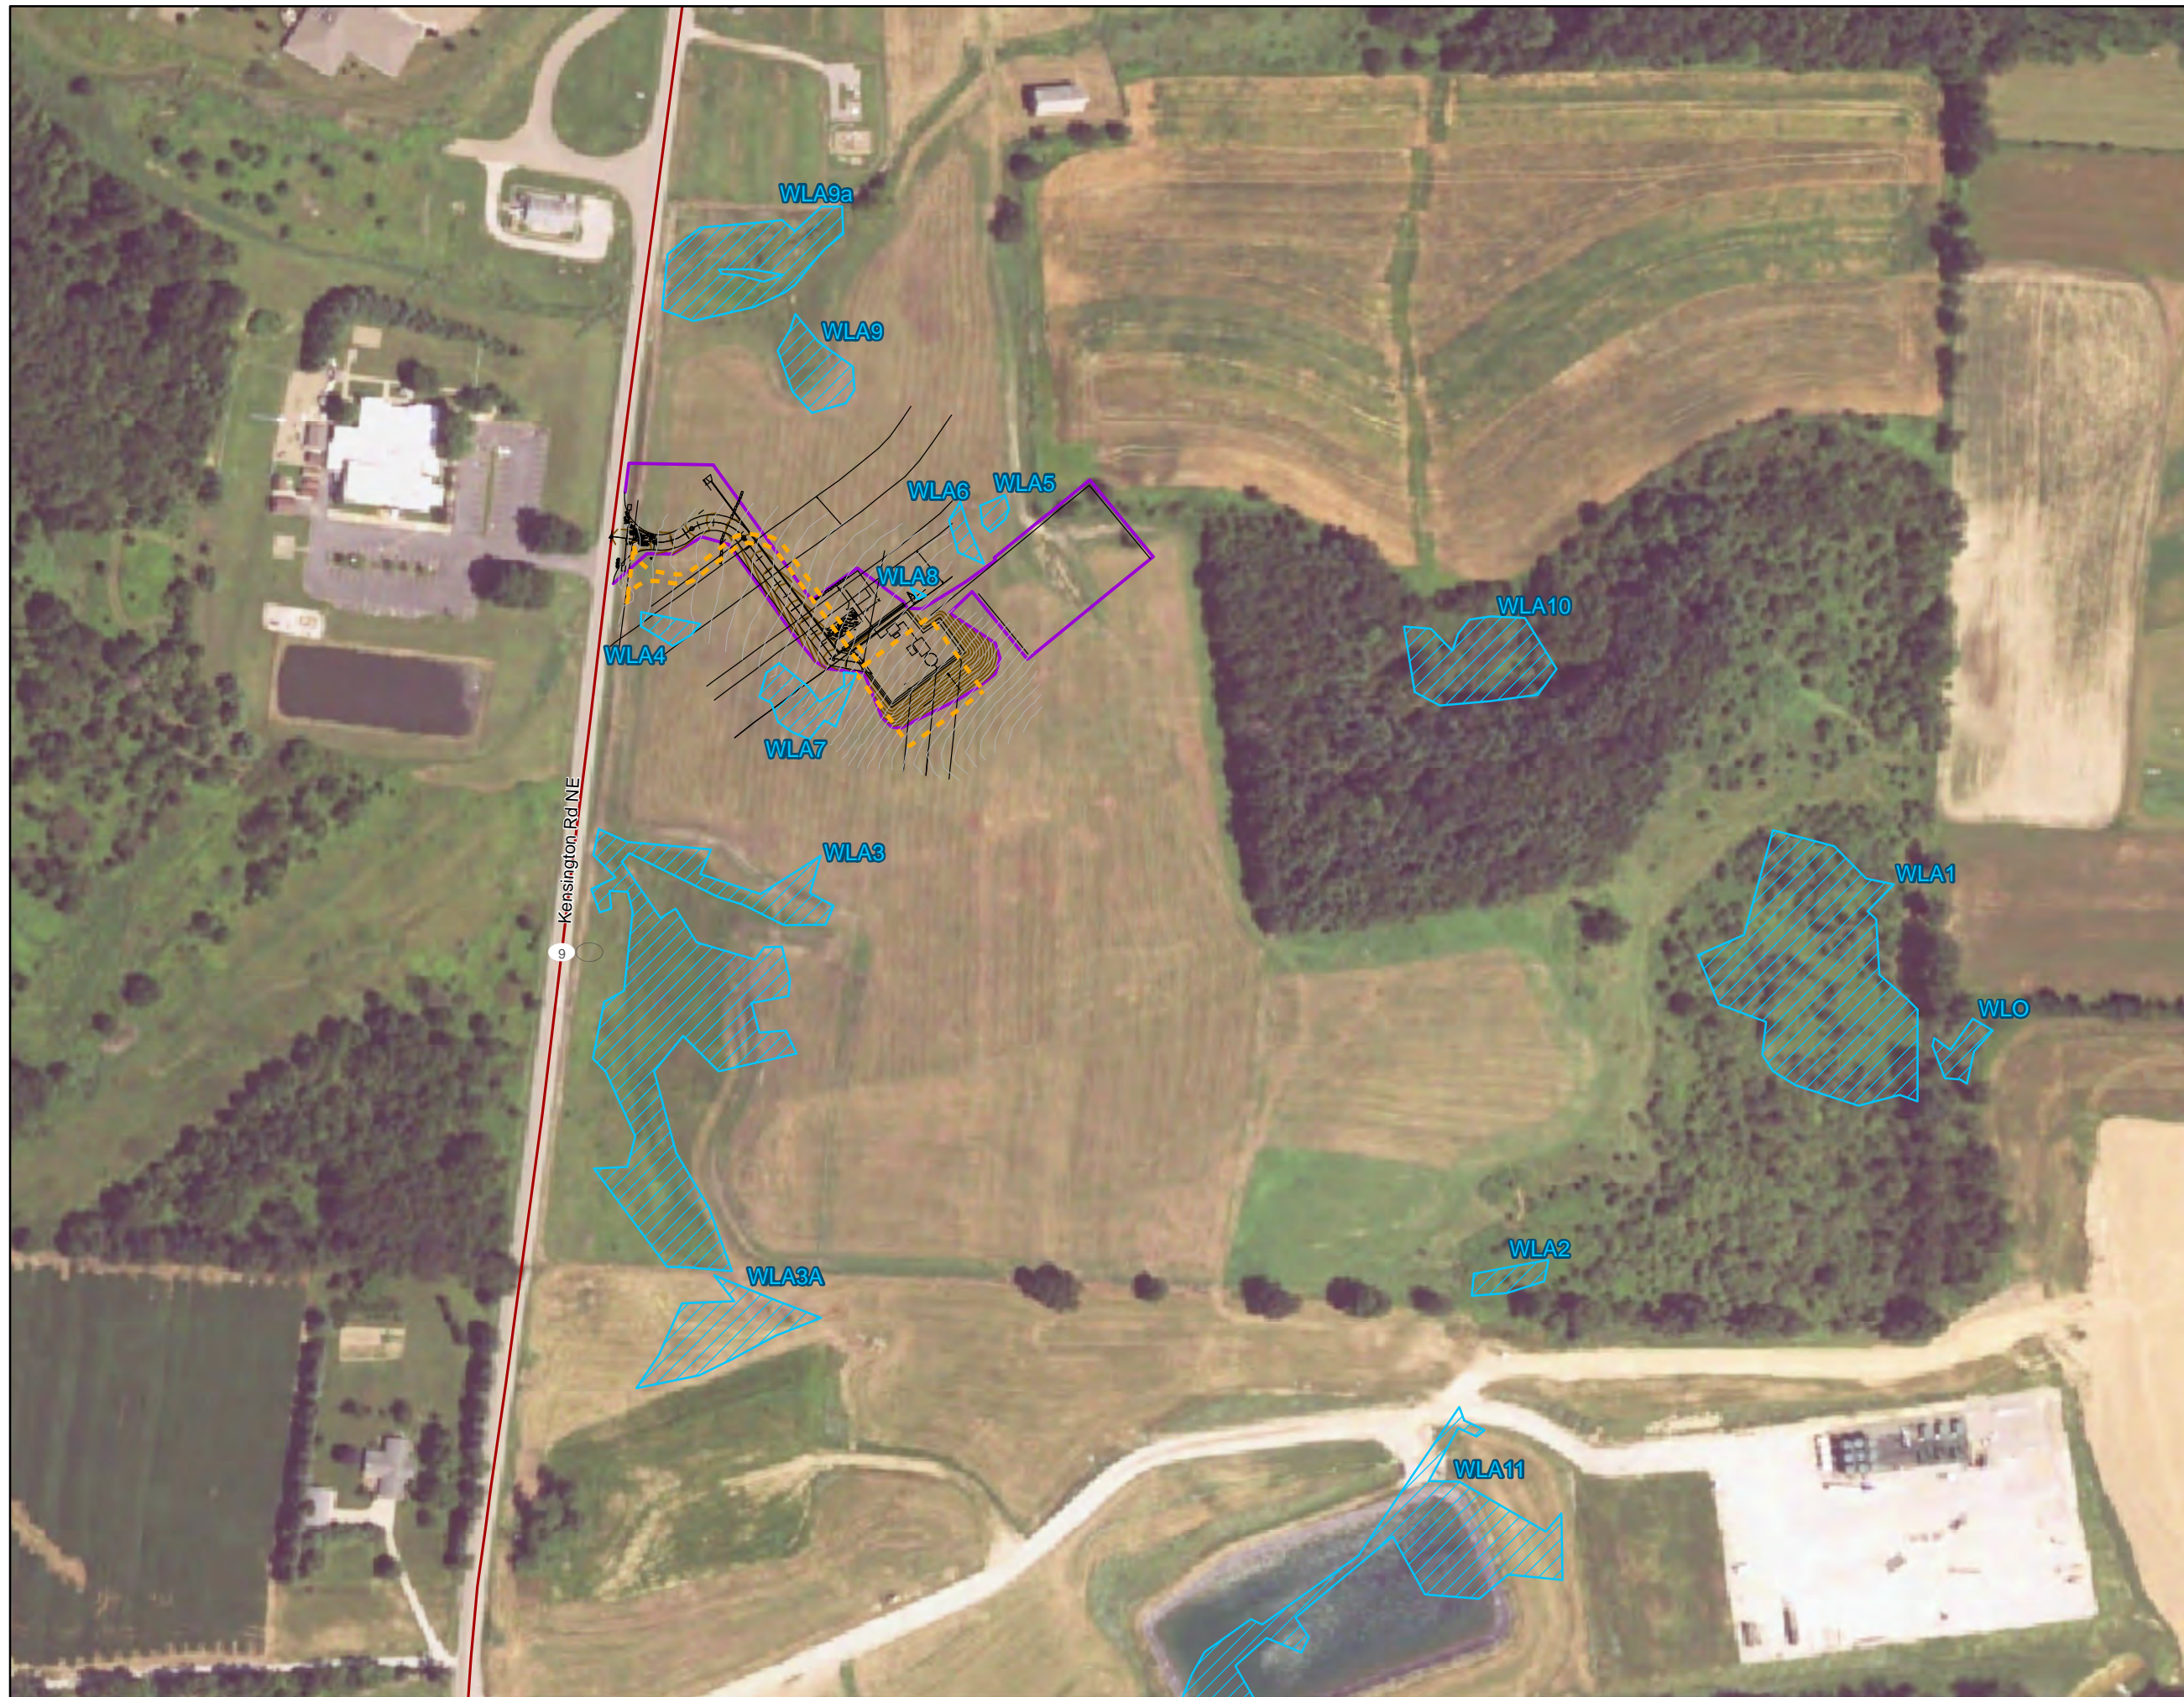

Very truly yours,

Michael J. Settineri
