COMMENT DESCRIPTION:

I am writing concerning the pipeline being proposed to run through Blue Ash, Ohio. I am adamantly opposed to having a pipeline route through Blue Ash, Ohio. This is a densely populated residential and business area that has placed great effort on providing a high quality of life. A pipeline going through (or next to) a highly traveled road, elementary school, a college university, and residential homes is an unacceptable safety risk and negatively impacts property values. An alternate route needs to be found for this pipeline.
