COMMENT DESCRIPTION:

I am opposed to a gas pipeline being placed down Plainfield Road in Blue Ash near the UC campus and Blue Ash Elementary school. This is a densely populated area during the day, and think it is very risky to put this pipeline so close to both schools. I can't believe there is not an alternative route for this pipeline that would be in a much less densely populated area. I think Duke needs to explain at neighborhood meetings why all three proposed routes go through Blue Ash and why is this pipeline so important.
