- Service phone: 513-769-4190
- *(no account number provided?)*

COMMENT DESCRIPTION:

To Whom It May Concern: It has been brought to my attention through several e-mails and at least one newspaper article that Duke Energy has filed preliminary paperwork for a new gas line to run through the Village of Evendale. As a long time resident of the community, the proposed route would be the second gas line running through our community. The proposed route would run along a very busy road (Glendale Milford). Some of the alternative routes would involve construction and maintenance in non-high traffic areas. Having the back of my home adjacent to Glendale Milford, such a proposal would impact my yard, landscaping and quality of life if this proposal was approved. I would therefore like to have my name inserted into the record I am total against the construction of this new gas line through the Village of Evendale. If you have any addition questions or concerns, please feel free to contact me at your earliest convenience.
