COMMENT DESCRIPTION:

This is to express my opposition to the proposed Duke gas pipeline extension project that may be proposed to run east to west along either the north or south side of Glendale Milford Road through the Village of Evendale. I believe this proposed route is commonly referred to as the "Green Route." The resultant requirement for tree removal within 30 feet of the pipeline which would materially affect the aesthetics of the Park Hills subdivision and the Village of Evendale. There must be a better route.
