COMMENTS: I am vehemently apposed to the proposal to put in a 30" pipeline in our residential neighborhood. The proximity is much to close for comfort. It would be near our homes, schools and places of worship placing us all in the line of a potential accident which is hard to prevent, because as we all know, an accident happens by accident, Why can't this be relocated to a non residential area.
Too many residents are unaware of this proposal and would object if they knew the plans.
Please, keep our neighborhood and our children, our future, safe
