Subject: pipeline through parts of Hamilton County

To whom it may concern:

Duke energy is a private company. We should not have to give up our neighborhoods so that a private company can make money. If this pipeline is so important to Duke, let duke lay the pipe around neighborhoods so not to disrupt the status quo.

As I look at the projected route, it seems to me that the pipeline is as straight as it can be; having no regard to any neighborhood in its path.

I do not want this pipeline in my neighborhood, go around all neighborhoods. Spend your money and do the job right.
