Subject: opposition to pipeline - OPSB case number 16-0253-GA-BTX

To the members of the Siting Board:

As a resident of Ridgewood (adjoining Pleasant Ridge), I write to you to urge you to reject Duke Energy's proposed routes for a natural gas pipeline - all of them would pass through densely populated areas and would create a major safety hazard, traffic problems and potential property devaluations for thousands of Ohio taxpayers. Please use your position to place this pipeline somewhere less populous, where its potential negative impacts will be lessened. Thank you.
