Re: Case #16-253-GA-BTX

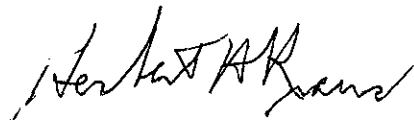

Dear Sirs:

I am writing to oppose the Duke Energy pipeline project in all neighborhoods. It is not safe to put such a large pipeline in heavily populated areas.

The Pink Route runs through my backyard. The pipeline would be very close to my home. I am concerned about safety and the possibility of leaks or an explosion, loss of trees and privacy, and lowered property value of my home and my community. Who would ever buy a home with a pipeline in the backyard?

Act responsibly and protect all of Cincinnati from this project. Make Duke put it in a rural area!

Sincerely,

Herbert Kraus
