document delivered in the regular course of business
Technician DMK Date Processed JUN 01 2016

We are writing to oppose Duke Energy's Central
Corridor Pipeline Extension Project through the
proposed routes in Hamilton County. Each goes
through densely populated areas surrounded
by residences, schools, day care & community
centers, businesses & houses of worship. There
have been many instances of gas leaks in neigh-
borhoods from the existing servicing gas lines &
a 30" high pressure transmission pipeline is a
catastrophic accident waiting to happen. Since
none of the proposed routes is safe, only
corridors through rural areas should be
considered.

Please act responsibly.

Sincerely,

Jack Hazen, M.D.
