COMPLAINT DESCRIPTION:

I am writing to express my absolute opposition to the route of the Duke Central Corridor Extension Gas Pipeline which is shown to pass my home on Glendale Milford Road. The pipeline installation will be a major disruption to my daily commute and water and sewer service to my home. This would apply to every home along Glendale Milford Road as well as the elementary school, parks, community center, businesses, and churches along the route. I will be rallying my neighbors and the Village Council of Evendale to add their voices in opposition. The

potential damage from a pipeline breach would be catastrophic in a residential area. I have heard of the damage that can be caused miles away let alone at ground zero. I have been living in my home for 22 years and have taken pride in my choice to live in a quiet, peaceful community. The disruption of construction and knowledge of a 30 inch diameter bomb 100 feet outside my front door does not give me any peace. As stated earlier, I am in absolute opposition to this project.
