Subject: Gas pipeline Amberley Village

I say NO to Duke on this.

I have a family that will be placed in jeopardy by the pipeline.

Construction will interfere with police and emergency vehicles and we will be within the blast zone in the event of a catastrophic failure. Duke's electric boxes have made our beautiful street horrendous looking. This is 2016 was there no way to come up with more discreetly looking or placement of these giants.

No gas line.
