Subject: Re: Duke Energy Central Corridor Pipeline proposal

In regards to Duke Energy's proposed Central Corridor Pipeline Extension project 16-253-GA-BTX. This project is extremely concerning to me. One of the proposed routes goes directly past what we had hoped to be our daughters elementary school. This pipeline will directly endanger my child's life and the lives of all the children and staff at the Blue Ash Elementary School. How can I send my child to school with confidence that she will be safe? How will the school continue to thrive if families feel they should pull their students out of this school for concern for their safety? Please take into consideration all the young lives that could be lost if an "accident" happened. Thank you.
