Subject: NO TO DUKE GAS PIPELINE

I live in the Ridgewood neighborhood, and my family will be placed in immediate jeopardy by the pipeline - we are within the blast zone in the event of a catastrophic failure to the pipeline.

The trenching and digging that will be required will also have an extremely negative effect on our streets, and will prohibit emergency vehicles from accessing our neighborhood.

The environmental hazards of this pipeline far outweigh the use and need for this big of a gas pipeline. I strongly urge you to stop the development of this project.
