Subject: Duke pipeline

To Whom It May Concern:

I have been made aware of the Duke pipeline that may be going through my community. I am first of all concerned that Duke has not notified communities directly about this pipeline. I've heard they've contacted home owners who's yard they will be going through. But If their pipe explodes the whole community will be impacted.

I'm not sure why this pipe is necessary, especially given the history of explosions of this type of pipe. The power to stop this pipeline is in your hands-not the people in the community. I hope you will do the right, the responsible thing and stop the pipeline.

Sincerely,
Diane O'Brian
