Subject: OPSB case number 16-0253-GA-BTX

To whom it may concern,

I am writing this email in regards to the Pipeline Project, mentioned in the Subject line. As a citizen, business owner, parent, community supporter and resident of Pleasant Ridge, I am completely against the idea of the pipeline and especially the proposed location. The thought of construction and more importantly the safety of our children is my primary concern. Our current energy system is working and has been working for decades. I understand the idea of "modernizing" our aging system but lets come up with a better solution.

Thank You,
Concerned Pleasant Ridge Resident
Scott Jones
