COMMENT DESCRIPTION:

16-0253-GA-BTX We are residents of Pleasant Ridge in the city of Cincinnati, in Ohio. I am shocked and concerned about the ongoing conversations about running a Transmission Pipeline through the quiet neighborhoods of Cincinnati. This pipeline is proposed to go through neighborhoods with families, children, old trees, beautiful houses, etc. There are multiple articles

This is to certify that the images appearing are an accurate and complete reproduction of a case document delivered in the regular course of business.

and stories about pipelines like this causing issues, erupting, exploding, leaking, etc. We do not want this running through our beautiful neighborhoods! Please help us stop this!!
