RECEIVED-COOKING DT

Dear Board Members,

I am writing this letter to oppose Duke Energy's proposal to run a massive, high-pressure natural gas pipeline directly through densely populated neighborhoods, schools, hospitals, day care centers, and places of worship in the Cincinnati area. This is an unprecedented project and a massive safety hazard, as an explosion could kill or injure thousands of residents within the pipeline's path. Yet Duke is undeterred and will effectively be allowed to regulate itself. Please step up and protect the people who have voted for you. Demand that the high-pressure gas transmission lines remain clear of densely populated areas. Enact stronger safety protections around the inspection and placement of these pipelines. Most importantly, say NO to the Central Corridor Gas Pipeline Extension Project (OPSB case no,her 16-0253-GABTX).

Sincerely,

Peg Niehaus
