COMMENTS: This complaint is in reference to case:16-0253-GA-BTX. I am appalled that putting a pipeline through a neighborhood was ever considered. The proposed pipeline may go through my back yard. My family and dogs all play in OUR yard. We harvest nuts and fruits off the trees and go mushroom hunting. We have a diverse wildlife population, a beautiful creek and both red tail hawks and pileated woodpeckers nest in our trees. This pipeline will devalue our property, destroy a large wildlife area and were an accident occur, would wipe out every house in my cul-de-sac.

I am hoping that safety of our neighborhood trumps the company's profit and you consider an alternate course that will not have the negative impact that this current proposal will have.
