Docketing Case No.:

16-0907-WW-AIR

Notes:

Please docket the following in the case number above. Thank you.

Regarding the 9% increase. I don't see how this is justified. The water is hard and taste horrible. My water bill has already increased dramatically since they have come out and "maintained" the water pipes on our roads. They claim it's due to me using more water. When in fact I know this isn't true. Please do not allow them to increase their rates.. It will hurt our whole community!
